Professional Summary

Java Backend Developer with hands-on experience building scalable backend systems using Java, Spring Boot, JDBC, MySQL, and MongoDB. Skilled in REST API development, JWT-based authentication, database design, and Docker deployment. Built a full-stack company website platform with secure admin authentication.

Technical Skills

Languages: Java, SQL, JavaScript, HTML, CSS
Backend: Spring Boot, Spring Security, JWT, JDBC, Servlets, JSP, REST APIs
Databases: MySQL, MongoDB
Tools: Git, GitHub, IntelliJ IDEA, Maven, Postman, Docker
Concepts: OOP, MVC Architecture, CRUD Operations, API Design

Projects

Company Website Platform (Spring Boot, JWT, MongoDB, React, Docker)

- Developed REST APIs for services, projects, technologies, testimonials, team, and contact modules.
- Implemented admin authentication using Spring Security with JWT-protected routes.
- Integrated MongoDB with structured service and repository layers.
- Configured Dockerized deployment for frontend, backend, and database.

Smart Inventory Management System (Spring Boot, JPA, MySQL)

- Built REST APIs for product, stock, and user management.
- Implemented CRUD operations using Spring Data JPA.
- Applied modular architecture and role-based access control.

Electricity Billing System (Java, JDBC, Swing, MySQL)

- Developed desktop billing application using Core Java and Swing.
- Integrated JDBC for database operations.
- Designed relational schema and automated bill calculation.

Internship Experience

Web Development Intern Dec 2024 – Jan 2025
Cognifyz Technologies

- Built responsive UI using HTML, CSS, and JavaScript.
- Implemented forms and client-side validation.
- Worked on frontend-backend interaction.

Education

Master of Computer Applications (MCA) 2025 – 2027
K. K. Wagh Institute of Engineering Education and Research, Nashik

Bachelor of Computer Applications (BCA) 2022 – 2025
KVN Naik College of Science, Commerce and Arts, Nashik
CGPA: 7.01 (Grade A)

Certifications

Java Certification – ISO 9001:2015
C and C++ Certification – ISO 9001:2015
Git and GitHub Certification
